

CUSTOMER TESTIMONIAL

**MAINTAINING PEAK EFFICIENCY
WHILE CONSISTENTLY GROWING
THE CUSTOMER BASE**

IMPROVED EFFICIENCY THANKS TO TANK UTILITY

"We've picked up hundreds of new customers since moving to our new office a few years ago. Run outs could have become a real problem, but we've actually **improved** our efficiency thanks to Tank Utility.

Every morning we log into the portal to check tank levels. If a tank is at 20%, we pull up that customer's delivery history to determine whether we need to deliver that day. Tank Utility helps us ensure that our routing and delivery size is spot on. It helps us achieve our mission - keeping customers happy since 1932!"

OUR AVERAGE DROP SIZE IS 54%!
